Hi Eric,

That's not a problem. The master bedroom appears to be outside NEC's Area of Development Control.

Kind regards,

FYI we increased the size of the addition and moved the master bedroom wall out farther... as well as changed a window size.

thanks

Hi Elizabeth, please see the revised plans for Crooks hollow. The master bedroom rear wall was moved out further than the original application. But the change is not more than the proposed garage. Please review and let me know if you need anything else to reissue this approval.

Brad attached the drawings so you can complete the septic design.

Dmitry, I know you reviewed this and sent an email exempting it but just to cross all my Ts and dot all my Is I thought I would cc you on the slight change.

thanks
